What can I do when the keyboard trackpad is a bit lag?

Check for Updates: Ensure your Pixel Tablet is running the latest software version. Google frequently releases updates to improve compatibility and performance with keyboards and trackpads.

Restart your Pixel Tablet: Sometimes, a simple restart can resolve temporary performance issues. Turn off your tablet, wait for a few seconds, and then turn it back on.
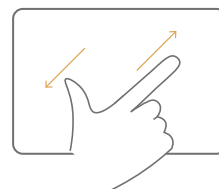

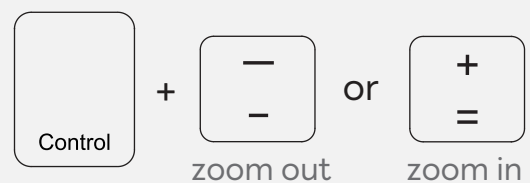

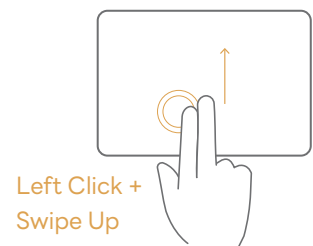

How to unlock the screen with trackpad?

Step 1: Left Click to awake the Pixel Tablet.
Step 2: Left Click + Swipe Up to access the unlock screen.

Left Click +
Swipe Up
